

# ZOOMING IN ON POLY EDUCATION

## A Virtual Forum for Parents

Concerned about your son or daughter's future and what's next after secondary school? We invite you to join us for our first virtual chat for parents to get all your burning questions answered in the comfort of your home!

SAT, 9 JAN 2021, 10AM

OR

TUE, 12 JAN 2021, 7PM

JC or Poly  
- which is a  
more suited  
path for my  
son/daughter?

What are  
the skills and  
competencies  
he/she needs  
in the new  
normal?

How does  
poly education  
prepare him/her  
to thrive in  
the future  
economy?

How do I help  
him/her make  
informed  
education  
choices?

What are the  
opportunities  
available for  
poly students  
and graduates?

### WHAT NP STUDENT AND HIS PARENT SAY ABOUT POLY LIFE

“At Ngee Ann Poly, I have learnt to be more self-directed in managing my studies and commitments. I am grateful for lecturers who have never failed to guide me and the many trustworthy friends whom I could lean on when the going gets tough!”

- John Luah En Song, Year 2, Diploma in Biomedical Science

“Since entering poly, John has become more independent, while excelling in his studies. As he matures into a selfless leader, I am confident in giving him the freedom to make his own decisions. It is important to always be a pillar of support for your child and believe that they will succeed.”

- Mdm Lau Guat Lian, John's Mother
